

## 2009 Primary Maths Competition - Success

Four of our most talented mathematicians recently represented our school at the semi-finals of the Primary Maths Competition held at The Grammar School at Leeds and were victorious!! They were one of 48 teams and made it into the top 20. They are now through to the finals in November.

They had to undertake a series of individual and team tasks - some of which were very tricky! The pressure was on as we were up against some of the best schools in Leeds and the surrounding areas, including The Grammar School.

We wish our team the very best of luck!

**Good luck in the finals!**
